# San Diego County & CobbleStone Contract Insight<sup>®</sup> Enterprise Edition

## San Diego County's Challenges

San Diego County HHSA needed a web-based contract database that would be reliable and easily accessible for San Diego County Staff to configure and administer. San Diego County HHSA had to obtain a system that could handle a high volume of data without slowing or hampering of the systems performance. They also needed flexibility, allowing for easy expansion and added functionality.

## CobbleStone Software's Solution

"CobbleStone Software Contract Insight<sup>®</sup> provided the elements we were looking for in a database," said Richard Wanne, County of San Diego Health & Human Services Agency Director of Agency Contract Support. CobbleStone was able to meet all of their needs by providing web-based, reliable software that was able to handle a large amount of data with flexibility that would allow for expansion.

## Customer Benefits and Accomplishments

CobbleStone Software has benefitted the County of San Diego, Health & Human Services Agency because of its functionality, accessibility and performance. CobbleStone was able to provide them with a web-based system that could expand to meet all of their needs.

The County of San Diego Health & Human Services Agency won the prestigious National Association of Counties 2012 Achievement Award for their Cloud-Based Contract Administration System, powered by CobbleStone Contract Insight<sup>®</sup>, which delivered increased transparency, improved efficiency, cost savings and cost avoidance.

CobbleStone Software offers award-winning SaaS (web-enabled) and on-site (deployed) contract management software solutions to assist companies in boosting revenue, reducing costs, increasing configurability, reducing friction, and mitigating risk.

CobbleStone's contract management software suite – Contract Insight - enables organizations to effectively and efficiently manage their contracts through the entire contract lifecycle.
